Table of Content

Chapter/Section	Title	Page No.
	ABSTRACT	i
CHAPTER 1	INTRODUCTION	1
1.1	Brief Overview of the Project Topic	2
	- Introduction to the topic	2
	- Relevance / Need of the project	2
1.2	Purpose / Problem Statement	3
	- Problem identification	3
	- Objectives	3
1.5	Technology Overview	6
	- Overview of relevant technologies	6
	- Tools and platforms used	6
	- Justification for technology selection	6
CHAPTER 2	LITERATURE REVIEW	7
2.1	Literature Review	8
	- Summary of existing research	8
	- Key findings and gaps	8
	- How the project addresses these gaps	8
CHAPTER 3	SYSTEM DESIGN & MODULE DESCRIPTION	10
3.1	System Architecture	11
	- Components and their interactions	11
	- Data flow and control flow diagrams	11
3.2	Module Description	12
	- Overview of each module	12
	- Detailed functionality of each module	12
3.3	Screenshots & Functionality Overview	13
3.4	Results and analysis	14
	- Code snippets and explanations	14
	-Screenshots	
CHAPTER 4	LIMITATIONS & FUTURE ENHANCEMENTS	15
4.1	Limitations	16
4.2	Future Enhancements	17
CHAPTER 5	CONCLUSION	18

Chapter/Section		Title	Page No.
5.1		Conclusion	19
		BIBLIOGRAPHY	20
